

**T**his Sunday at 3pm, we look forward to another wonderful concert as part of our 2018-2019 concert series continues! Our wonderfully talented staff pianist and organist Kosumo Morishita, joined with her colleague Ariadne Antipa, will present a concert of piano - for four hands.

This fresh and exciting new piano duo, Duo Deca, gets its name based on each performer's connection to the Greek culture; the word "deca" in Greek translating to "ten."

Kosumo and Ariadne are passionate about sharing music with wide-ranging audiences and will keep us riveted with a colorful array of repertoire. While their program includes much of the long-loved duo repertoire, Duo Deca pursues working with living composers, promoting synthesis between performers, composers, and audiences.

In addition to the traditional concert settings, Duo Deca seeks outreach opportunities, and recognizes the importance of sharing music in schools. Dynamic engagement with students, ranging from performing to presenting knowledge of pieces and composers to Q&As are all part of the duo's efforts to connect with communities and budding musicians. Similarly, Duo Deca takes every opportunity to share music at senior care homes, where residents may continue to foster their love of music or perhaps discover it new!

With all the joys and sorrows that humans live each day, Duo Deca is proud to offer concerts where proceeds are donated to help communities, rebuild what has been broken, or further aid in critical efforts. We hope you will join us this Sunday to hear the wonderful sounds of our new Steinway grand piano and enjoy these two marvelous musicians!
